Why you should exhibit at **CANECT 2013**

The 2013 Canadian Environmental Conference & Tradeshow (CANECT 2013) is designed to be a high-quality opportunity for you to promote your products and services and network with existing and potential clients. Now in its 21st year, CANECT is organized by *Envirogate Event Management Inc.*, a joint venture of *Environmental Science & Engineering Magazine* and *Canadian Environmental Regulation & Compliance News*.

As the leading event of its kind in Canada for the past 20 years, CANECT typically attracts some 2,000 tradeshow visitors and conference delegates. These are all key specifiers of environmental protection equipment and services.

Who can you expect there?

Conference delegates and tradeshow visitors are a high-quality audience of senior people responsible for environmental engineering, regulations and compliance issues.

CANECT will again be co-located with "Partners In Prevention" a health and safety conference and tradeshow. This provides CANECT exhibitors with an exceptional opportunity to efficiently reach the largest total gathering of all those who specify - or who influence the specification - of environmental products and services. Combined, the two shows are expected to attract over 400 exhibiting companies and 7,000 tradeshow visitors.

Key benefits of exhibiting at CANECT

- ❑ Enhance your company's profile with some 7,000 decision-makers
- ❑ Generate qualified leads for your sales team
- ❑ Accelerate your sales cycle
- ❑ Network with existing and potential clients
- ❑ Showcase and launch your new products and services
- ❑ Give hands-on demonstrations
- ❑ Build and enhance customer relationships
- ❑ Gain valuable industry information
- ❑ Face-to-face interaction with thousands of prospects
