## Health & Safety Rules

We are certain that you are as committed to the safety of the delegates, exhibitors and staff involved in CANECT as we are. The following health and safety requirements are not only best practices but are also requirements of the Occupational Health & Safety Act and Regulations in Ontario. **Everyone on the show floor needs to be responsible for ensuring a healthy and safe working environment.**

All exhibitors are required to ensure the health and safety of their employees and inform them of these requirements prior to move-in.

**Please initial, sign and return this two-page** document by fax or email (contact information below), signifying your **intention to comply** with these safety rules, as well as your **intent to communicate** these rules to anyone setting up, tearing down, or working in your booth space.

| <b>SAFETY RULES</b>   | <b>INITIALS</b> |
|---|-----------------|
| <b>Safety foot wear must be worn during move-in and move-out.</b>   |                 |
| <b>NO CHILDREN 14 years of age or younger will be allowed in the exhibit area during move-in and move-out.</b>  |                 |
| <b>All backgrounds must be at least 18 inches (0.45m) from any wall.</b>  |                 |
| <b>Proper extension devices (i.e. ladders) must be used. We strongly discourage ladders 12' or higher. Items such as tables, chairs, boxes, etc. should not be used to lift a person.</b>   |                 |
| <b>Early tear-down of exhibit booths causes a chain reaction of exhibitors eager to get home, and fills the aisles with packing boxes – CAUSING SAFETY HAZARDS. Please do not begin tear-down process until the tradeshow is over.</b>  |                 |
| <b>Material Safety Data Sheets (MSDS) must be onsite with you at the booth for each WHMIS controlled chemical used at your booth, and all staff in contact with these chemicals are required to wear appropriate personal protective equipment such as safety gloves and glasses as required.</b> |                 |
