

## Employer Approval Tips for CANECT

The CANECT Environmental Compliance and Due Diligence Training Event is a valuable continuing education event for anyone with environmental protection or compliance responsibilities, and we encourage you to attend!

Here are some tips and information to help your Request for Approval to attend the 2023 CANECT Event:

- Attending CANECT qualifies as Continuing Professional Development Study or Activity for the Ontario Association of Certified Engineering Technicians and Technologists (OACETT) CPD program. It also meets the requirements as a Continuing Knowledge Activity for the Professionals Engineers Ontario (PEO) PEAK program. Additional guidance and information on reporting is available at [www.peopeak.ca](http://www.peopeak.ca) or [www.oacett.org/CPD](http://www.oacett.org/CPD).
- Discounts are available for members of many professional associations, as well as for past-CANECT attendees. Plus, register with your colleagues to benefit from generous group pricing discounts. See association partners here: <https://canect.net/#sponsors> or email Peter Davey at: [peter@esemag.com](mailto:peter@esemag.com) for more information.
- You can choose to attend seven courses that will help you understand regulations, trends in enforcement, strategies to stay in compliance, best practices and new technologies.
- Course information can be found at: [www.canect.net/#courses](http://www.canect.net/#courses). For any questions about courses or registration, contact Denise Simpson at: [denise@esemag.com](mailto:denise@esemag.com) or 905-727-4666 ext. 21
- You'll have access to experts in environmental regulation, compliance and due diligence, and the opportunity to ask them questions about issues affecting your organization.
- Share your experience and hand-out materials with your colleagues. Every CANECT course includes a course booklet with presentation slides, speaker bios and additional resources (where applicable).
- Network with a wide range of peers from diverse backgrounds in industry, government, consulting and contracting companies and the CANECT exhibitors.
- Stay in the CANECT event hotel for a discounted preferred rate. <https://canect.net/hotel>
